Love marriages around the world are simple:
Boy loves girl. Girl loves boy. They get married.
In India, there are a few more steps:
Boy loves girl. Girl loves boy.
Boy's family has to love boy. Boy's family has to love girl.
Girl's family has to love boy's family. Boy's family has to love
girl's family.
Girl and boy still love each other. They get married.

Welcome to 2 States, the story of Ankit and Ananya who are
from two different states of India, already in love with each
other and want to get married. Of course, their parents don't
agree. To convert their love story into a love marriage, the
couple has a tough battle against all odds, but it is easy to fight
and rebel, but much harder to convince. Will they make it?
From bestselling author Chetan Bhagat comes another witty
take about inter-community marriages in modern India.
